FINAL NOTE BY THE ~~TEMPORARY~~ Third MEMBER OF COUNCIL.

Subject: Revision of the establishment of the Victoria Hospital, Bangalore.

During his inspection of the Victoria Hospital on the 8th September last, the then Second Member of Council, now officiating Dewan, observed among other things that the staff of nurses was inadequate, that the ward attendants' establishment was constantly changing owing to insufficient wages and that the accounts were not properly maintained. The Senior Surgeon who was requested to take steps to remedy these defects has submitted proposals for revising the establishment of the Hospital, involving an extra expenditure of Rs.432/- per mensem or Rs.5,184/- per annum. These proposals include the increase of the pay of the Matron from Rs.75-5/2-100 to Rs.150-10-250 regarding which orders have already issued with His Highness' approval on a separate reference received from the Senior Surgeon.

2. The main features of the other proposals are:-

(1) the increase of the pay
of the Head Nurse from Rs.60-5/3-75 to Rs.70-5/3-90,
of the Nurses from ... Rs.45-5/3-60 to Rs.50-5/4-70,
and of the Indian Nurse from Rs.15-1-20 to Rs.20-1-30,

(2) the revision of the scale of pay of the menial establishment providing for a minimum pay of Rs.10/- and

(3) the entertainment of an Accountant on Rs.35/- to assist the Steward in keeping the accounts.

3. The recommendations of the Senior Surgeon, which have been

164

agreed to by the Financial Secretary and approved by the Council, may be sanctioned.

Sir,

With reference to your letter No.11288 dated the 12th December 1918 calling for a report on the action taken by me on the several points referred to in the notes of inspection of the Victoria Hospital by the 2nd Member, I have the honour to state that the points about the need for frequent inspection of the buildings by the Medical Officer and the requisitions for their repairs have been communicated to the Medical Officer for guidance.

Government having sanctioned certain allowances to all their servants on account of famine and war conditions, the proposal to make a special exception in favour of the nurses of the Victoria Hospital only was not submitted to Government. The inconvenience caused by the frequent changes and vacancies in the nursing staff being due to the inadequacy of the present rates of pay, proposals have been submitted (through the Comptroller) for a revision of the pay of the nurses as well as of the ward attendants and ayahs and other menials (vide this Office letter No.330 dated the 16th December 1918.) The Steward's office staff is also proposed to be strengthened by the addition of an accountant to rectify defects in accounts.

The points noticed in the paragraph "General administration" have been communicated to the Medical Officer for attention. The question of having a laundry is under consideration.

As regards orders on the budget estimates, the estimates received from the Victoria Hospital are consolidated with the estimates received from other institutions and extracts from the budget as finally passed by Government are being sent to the institutions concerned. This usual practice was followed this year too, by sending a copy of the final Budget estimate to the Medical Officer for his information and use.

Sir,

I have the honour to forward herewith a proposition statement for the revision of the Establishment of the Victoria Hospital, Bangalore, which is based on the proposals received from the Medical Officer in correspondence ending with his letter dated the 14th December 1918.

In your letter No.196-Med.31-17-2 dated the 3rd October 1917 on the subject of the audit of the accounts of the Victoria Hospital, it was intimated that instead of entertaining an additional Sub-Assistant Surgeon, the entertainment of a Clerk might, if necessary, be proposed. The Medical Officer, in his letter No.740 dated the 12th December 1918, has proposed the entertainment of an accountant on a salary of 30-4-50 to help the Steward in keeping the accounts and another clerk on P 20/- to help the Resident Medical Officer to keep the stores Books. In conformity with the recent G.O. No. 6772-821 S.F.154-16-2 dated 24-4-17 I propose a fixed pay of P 30/- to the accountant, to attract a competent hand, I however think that the other hand on P 20/- is not necessary. One of the existing hands ought ot be available to attend to the Books of the Stores when the proposed accountant will give relief to the Steward's Department. I also agree to the necessity of granting a personal allowance to the Steward who has had no increment for the past 12 years.

Subject.

There is no need to increase the scale of pay of the post. The amount may hereon be fixed at Rs10/- instead of Rs 20/-

Nursing Staff--There have been frequent changes in the nursing staff and difficulty in filling up vacancies owing to the inadequacy of the present scale of pay which was fixed as far back as 1904 and which is considered to be not attractive now, the times having changed to a great extent since then, and cost of living enormously increased. The pay proposed for Matron is what was submitted in my letter No. 9 C 243 dated 10-11-18 which is before the Government. The increases proposed for the Head Nurse--who is practically an Assistant Matron and to the other staff nurses, viz Rs10 and 5 in the minimum and Rs15 and 10 in the maximum are moderate.

Menial Staff--The reasons for raising the pay of the nursing staff holds equally good as regards the menial staff. The market value of labour has very much increased and it is not possible to secure the services of menials for less than Rs10. The work of menials in Hospitals is more exacting than that of their ~~companions~~ compeers in other Government Offices. The minimum rate of Rs10 proposed by the Medical Officer for the menials is reasonable, and the revision as now proposed is expected to keep the non-medical staff of the institutions contented for some years to come.

The proposal involves an increase in cost of Rs ~~546-8-~~ 534-8- per annum/or Rs ~~655-8-~~ 6534/- per annum. I request early sanction to the proposal and to an additional grant to meet the extra cost during the current year.

In this connection I beg to submit that it is very desirable to keep the establishment of all the marginally noted institutions in the two cities and on the Gold Fields on an equal footing to maintain their efficiency at the same high level and I am submitting similar proposals for the revision of those institutions.

SIR,

With reference to para 1 of your letter No.G.15162/Mdl.44-8-14 dated the 22nd January 1919 calling for my remarks in the matter of the Budget Estimates of the Victoria Hospital, I have the honour to state that the cost of Europe medicines obtained for supply to the several --- institutions are shown together under a single head "Europe Medicines", under the minor head "Medical Stores". The cost of the supply made to each institution is not, under the existing system of accounts, apportioned to each individual institution. It is for this reason that the Victoria Hospital budget does not exhibit these charges.

The Budget forms referred xx are not those supplied by this office and the Senior Surgeon may be requested to revise them.

The Proposition Statement referred to in the 2nd paragraph of the letter was forwarded to Government with this office letter No.2115/Bks. ated 23rd January 1919.

I have the honour to be,
Sir,
Your most obedient servant,
